Illuminated Art Boxes 2026

Public Art has a long history in Tarpon Springs, but lacked an organized structure to help efforts flourish. In 2007, the Tarpon Springs Public Art Committee (TSPAC) was formed. Appointed by the City's Board of Commissioners, the TSPAC administers the Public Art Program.

The Illuminated Art Box Project incorporates the latest solar-powered technology to provide the City of Tarpon Springs' Sponge Docks with a captivating art gallery to enhance the visitor experience both day and night. The TSPAC selected forty works from a local "call to artists" out of more than 170 entries. Much of the original art is available for sale with contact information within this brochure.

The Tarpon Springs Public Art Committee hopes you will enjoy the inspirational gallery of art during your visit to our historic Sponge Docks.
