

## Why join Tarpon Arts as a Community Partner?

The *Community Partner* program is a *warm handshake* and an acknowledgment that we value each other and the products and/or services we each provide to our community. It is an opportunity for you to show your support for Tarpon Arts' programming, exhibits and educational events. In return, Tarpon Arts will support your organization/business by providing promotional displays to the Tarpon Springs residents and regional visitors that attend our live performances and visit our museums. Businesses today are increasingly rated by their community involvement, ethics and social responsibility. Such engagement opens opportunities to stand out in the eyes of consumers and employees. A win-win partnership!

**A "Community Partner Listing" includes business/organization name, up to a 10-word description, your website and phone number.** Note: The four venue posters will be updated with new Community Partners based on new additions during the season.
